

HPH Newcomers' Workshop 2014

The HPH Newcomer's Workshop is a great opportunity for learning more about HPH and to be inspired in your HPH work. If you are new to the HPH network, if your hospital or health service has recently joined HPH or is going to do so in future, or if you have recently started working with health promotion - then the HPH Newcomers' Workshop is something for you! Together we will deal with such topics as HPH Background, the Vienna Recommendations, HPH Structure and Constitution, HPH exchange of knowledge and experience, utilization of HPH web resources, how to get started with HPH work, research in the HPH Network, HPH member privileges and obligations and much, much more.

Programme

Date: Saturday April 26, 2014, 9am to 12am
